USE CASE

This token is inspired by a mix of Floki and Claire E. Boucher known professionally as Grimes, and as Elon Musk's significant other. She is the mother to "X" Elon's and Grimes first baby, as well as their newest addition to the family, a shiba dog named Floki! She has released five studio albums, two extended plays, eleven singles, and four promotional singles within her professional singing career.

Holding \$GRIMES allows you to earn more tokens simply by keeping \$GRIMES in your wallet! The more you hold the more you receive! Watch your wallets grow in value passively.

How does it work?

A fully automated system that doesn't add minimal gas fees proportional to the value transferred. The number of holders processed through each transaction is dynamic and based on transaction size. Holders will receive dividends from the queue based on their position in the array. It's a fair system, fully automated.
